

MAY 25 – JUNE 30

Art Goes Viral

Art Goes Viral is a virtual exhibit created in response to the COVID-19 crisis for Greenville's local artists and arts community. The online gallery features newly-created works inspired by COVID-19, and will be displayed on MAC's website through June 30, 2020. All artwork is for sale and purchases go directly to the artists.

Experience our community's creative response to the pandemic.

**FLAT OUT
UNDER
PRESSURE**

ARTISTS HAVE 24 HOURS

The eleventh annual Flat Out Under Pressure (FOUP), MAC's unique program involving the visual arts and sound environmental practices in downtown Greenville, will take place on June 19-20, 2020. With eight bins for paper, plastic and glass in various locations along Main Street, FOUP encourages recycling among pedestrians while creating a different exhibiting opportunity for visual artists.

The event begins with a 24-hour art-making juried competition. The selected winners will be given the opportunity to choose two images of their work for reproduction on the bins from 2021-2022. The winning artists also receive cash prizes and the 1st place winner will be awarded a week-long trip to Italy for two to stay in the beautiful Villa Sant' Andrea.
